

FLATLINE®
FLATLINE

A First Gen for the Next Gen.

The first chlorophacinone soft bait rodenticide

Palatable, multiple-feed soft bait effectively kills rats and mice

For consistent everyday use – during light to heavy rodent activity

Flatline[®]

Soft Bait Rodenticide

The ideal choice for everyday maintenance.

Flatline[®] Soft Bait has all the benefits of soft bait: easy-to-use, palatable and effective. Flatline is the first and only chlorophacinone soft bait rodenticide for the professional market. It is a multiple-feed soft bait that effectively kills rats and mice and helps stop damage caused by rodents.

- The original first-generation anticoagulant soft bait rodenticide for everyday use - during light to heavy rodent activity
- A good option for when second-generation rodenticides are restricted
- Maintains its integrity in hot environments
- Vitamin K₁ is the antidote
- Bait is packaged in a conveniently sized 28-gram soft bait pouch
- Pouches can be easily secured on vertical or horizontal rods
- Formulated to reduce debris and service time
- Bittering agent added
- Soft bait rodenticide available in 4 lb. individual bags, 8-4 lb. bag cases or 16 lb. pails
- Kills Norway rats, roof rats, house mice, deer mice and other rodent species* as listed on the label

* White-footed mouse, Cotton mouse, Cotton rat**, Meadow vole**, Eastern harvest mouse**, White-throated woodrat**, Golden mouse**, Southern plains woodrat**, Polynesian rat**, Mexican woodrat**

**Not permitted for use in California

Pouches can be quickly secured with bait rods or feeding devices
