HAND-PICKED PEST CONTROL SOLUTIONS FROM THE EXPERTS AT LIPHATECH

TAKEDOWN® II SOFT BAIT

An acute soft bait rodenticide formulated with bromethalin for the professional pest control market.

Maintains integrity in hot environments and is designed for convenience and ease of use.

Provides faster results than anticoagulant rodenticides and is effective in fighting anticoagulant-resistant rodent populations, especially those in commercial settings.

TAKE DOWN II

TAKEDOWN® II MINI BLOCKS

An acute mini block rodenticide formulated with bromethalin for the professional pest control market.

Designed with rodent gnawing edges and a center hole for securing on vertical or horizontal rods.

Provides faster results than anticoagulant rodenticides and is effective in fighting anticoagulant-resistant rodent populations, especially those in commercial settings.

TAKE DOWN II

NOTOX™ SOFT BAIT & MINI BLOCKS

A highly attractive non-toxic formula with no active ingredient. Comes in soft bait for flexible placement and mini blocks with a center hole for securing on vertical or horizontal rods.

Designed to monitor activity for rodents, nuisance animals and pests.

Poses no danger to rodent predators or other curious animals.

PEST CONTROL SOLUTIONS FROM LIPHATECH

IGI CARBON DIOXIDE™ POWERED BY LIPHATECH

IGI CO_2 is an EPA-registered pest control solution that provides PMPs an alternative for use on burrowing pests and in commodity fumigation. CO_2 gas is non-flammable, invisible, and odorless, with a quiet application. The active ingredient is 99.9% carbon dioxide.

IGI CARBON DIOXIDE™ POWERED BY LIPHATECH

BURROWING PESTS

Approved for use in municipal, residential, commercial, and field settings; can be used next to occupied buildings. No setback requirements.

Effective against pests that occur in burrows or underground tunnel networks, including pocket gophers, ground squirrels, rats, and moles that occupy underground tunnels and burrows.*

COMMODITY FUMIGATION

CO_2 gas leaves nothing behind after proper venting and has no impact on flavor. Effective against pests that occur in stored products or structures including, beetles, psocoptera, and moths.*

Certified for use in pest management programs under the **USDA National Organic Program (NOP)** for nuts, spices, dry goods, and other products.

WASHINGTON STATE DEPARTMENT OF AGRICULTURE · REGISTERED INPUT MATERIAL · ORGANIC PROGRAM ·

*Not permitted for use against the following species in California: groundhogs, voles and Agricultural pests, including thrips and spider mites
